

# PANTONE®

## Fashion, Home + Interiors Paper Traveler FHIP610A

### Overview

Designed for portable use, the Pantone Fashion, Home + Interiors Paper Traveler is convenient for the office or travel. Featuring 2,625 colors arranged by color family, the Pantone Fashion, Home + Interiors Paper Traveler is in a compact accordion-style format that lets you see our entire palette of pigment colors in one glance. The colors are produced as nitrocellulose lacquer applied to paper, similar to the FHI Color Guide. Each color is supported by digital data for fast turnaround and on-time production.

### Format

- Single-volume paper color reference in a portable, folio-style format
- Each page features 70 – 0.7" x 0.6" TPG chips, affixed to non-optically brightened paper
- Each chip can be isolated individually with the included white mask for more accurate color evaluation
- Accordion-style pages allow you to view 2,625 FHI Colors at once

### Color

- Displays 2,625 FHI Colors, including the latest 315 market-driven, trend-relevant colors
- Improved chromatic layout organizes all 2,625 FHI Colors by color family
- Colors arranged in chromatic format with an index providing numeric location for each color
- Each color refers to a corresponding Pantone Swatch Card, the standard for color accuracy

### Application

- Use for designing fashion accessories, home furnishings, hard home, and interiors products
- Use for color inspiration, specification, and spot-checking on the go
